✦ FREELANCE PROFILE & PROFESSIONAL STATEMENT

Seasoned freelance fine artist and master draftsman with over two decades of professional studio experience serving international art collectors, interior designers, and private clients on platforms like Upwork, Freelancer, and direct studio commissions. Specializing in bespoke heirloom oil portraits on stretched canvas and expressive charcoal anatomy drawings hand-painted from client photographs. Every piece is executed with traditional multi-pass glazes using lightfast archival pigments—guaranteeing authentic human emotion, depth, and permanence that no digital print or mechanical filter can ever match.

"A painted portrait does not merely duplicate a reference photograph—it breathes life, character, and quiet soul into a room. Your walls deserve authentic human devotion, not mechanical reproduction."
